

ARTA® Features and Benefits

(When appropriate, state-specific versions of the documents listed are available.)

Features and Benefits

FEATURE	FUNCTION	BENEFIT
TRUE WINDOWS-BASED DESIGN	Microsoft Certified Partner status gives us access to Microsoft technology	Connectivity and productivity by making the most of the Windows operating systems
MULTIPLE BORROWERS' SIGNATURES	Allows you to accommodate more than two borrowers	Saves you from scrambling to find a way to produce the desired loan
STANDARD TRANSACTION TEMPLATES	Lets you preset data and save it to standardize frequently used transactions	Speed, productivity, and consistency
CONSISTENT, TRUSTED DOCUMENTS	Quality, updated documents covered by our industry-leading warranty	Compliance help
CUSTOM DOCUMENTS	Offers the ability to set user-specified fields for import or export of information	The ability to customize data collection and output to reflect your practices and your applicant's needs
OPERATES IN A VARIETY OF ENVIRONMENTS	Runs in stand-alone and multiuser environments	Allows you to take advantage of ARTA Lending's benefits without having to make wholesale changes in your operating environment

HANDLES MULTIPLE LOAN TYPES	Handles documentation for consumer, business, agricultural, and residential real estate loans	Supports many areas of your lending operations and may save you the expense of purchasing multiple systems
AUTOSELECTION	Selects documents based on user-defined criteria	Eases the burden of monitoring all of the documents involved in lending; helps with compliance
DATA VALIDATION	Signals possible data entry errors	Improves accuracy, consistency, and regulatory compliance
DATA TRANSFER	Bankers Systems' software interfaces allow importing and exporting of information from your core accounting software and/or other applications	Reduces likelihood of errors by eliminating much of the rekeying of data that already exists on your core accounting system
51 JURISDICTIONS	Provides access to documents from every state/jurisdiction	Makes expanding your operations across state lines easier, and saves you the expense of purchasing multiple single-state versions
ABILITY TO PRINT BLANK DOCUMENTS	Allows you to select and print a document without requiring that all fields be filled	Allows flexible access to your documents <i>(For example, you're able to provide a blank application or other document for completion elsewhere)</i>
DYNAMIC INFORMATION COLLECTION	Takes your loan information and inputs it where required throughout the transaction	Saves time and improves accuracy and consistency by eliminating the rekeying of data that has already been input

## Bankers Systems ARTA® Features and Benefits

ARTA Lending's setup function is brief and direct, and our support materials make it clearly understandable

Reduces the delays and headaches involved with some software installations; lets you get up and running quickly
