

ARTA Lending recommended Hardware Requirements

(rev. 1/25/05)

- Intel® Pentium® 166 MHz or greater processor
- Microsoft® Windows® 2000 Professional or Windows XP Professional Edition (all with most current service pack installed)
- Microsoft Windows Millennium (Me) and Windows XP Home Edition are designed strictly for home use and are not supported
- Internet Explorer 6.0 or higher (with most current service pack installed)
- 3.5" high density floppy drive
- Hard disk drive with at least 500MB of free space for a single state installation, 50MB of additional space for each added state, and 4.0GB of available hard drive space for a full 51 jurisdiction installation
- RAM: 256MB for Windows 2000 or Windows XP Professional
- 1MB video controller capable of displaying 800 x 600 pixels at 256 colors
- 17" color VGA monitor capable of displaying 800 x 600 resolution
- Quad speed CD-ROM drive
- Internet access on workstations for troubleshooting by Bankers Systems' SupportLine and for downloading files from the Bankers Systems' support web site
- Credit Bureau and/or Automated Underwriting Modules require Internet access. Bandwidth of 128K is recommended
- Parallel port for local printing

Printer:

- PCL5 or PCL6 compatible laser printer (Example: Hewlett-Packard® (HP) 4 series, 5 series, 4000 series, 8000 series, and Lexmark™ Optra™ series)
- Two programmable paper trays— one for letter-size paper and one for legal-size paper (Currently, ARTA Deposit will not require legal-size paper)

Printer memory:

- 8MB installed for 300dpi resolution
- 16MB installed for 600dpi resolution
- 32MB installed for 1200dpi resolution

NOTE: Due to the large variety of printers available in the market today, we are unable to test our programs with every printer.

Printers that are NOT supported include, but not limited to: HP L Series, HP P Series, HP1000 Series, HP2000 Series, Okipage Series, and Brother HL 1000 Series.

Multi-purpose (printer, copier, and fax) printers may meet the above requirements however; we do not recommend using multi-purpose printers with Bankers Systems software and may not be able to assist with problems printing to these printers.

Networks:

- Novell® NetWare® Version 5.1 or higher (long file names enabled)
- Microsoft Windows Server 2003 (with most current service pack installed)
- Microsoft Windows 2000 Server (with most current service pack installed)

Please Note:

- These requirements are subject to change without notice
- Support by Microsoft for the Windows 98 and Windows NT Workstation Version 4.0 operating systems is scheduled to be discontinued in June 2003
- A higher megahertz (MHz) processor and/or more random access memory (RAM) can increase the performance of ARTA Lending
