Job Description

For our offices in Merelbeke, we are looking for a Junior Software Developer with an understanding of and interest in Data Presenting oriented technologies. Your first and main focus will be building and enhancing the data disclosure (Reports & UI) for our Wolters Kluwer Financial Services solution for our worldwide customer base of predominantly banking institutions. You're joining a team that focusses on providing them with software solutions in the Finance area (IFRS). Agile/SCRUM is our prevailing software development methodology; the team consists of an ideal mix of in-depth functional knowledge and technical expertise.

Your responsibilities:

- Design and develop high quality, high performance software applications using the latest technologies, innovations and software best practices
- Analyse product requirements and design solutions according to company standards and techniques
- Write technical specifications according to agreed design
- Contribute to estimating development efforts

- Define test scenarios, implement automated test cases, perform non regression analysis, analyse test results to validate new functionalities in close collaboration with the other team members
- Participate actively to product documentation
- Contribute to maintain the application architecture consistency as well as development tools and methodology
- Participate to peer code reviews
- Support remote consultants implementing our product at the client site

Qualifications and Skill Set

- A Bachelor's degree (or equivalent) in Computer Science
- Good knowledge and experience with C# and TSQL
- Good understanding of MS SQL Server
- Knowledge of Subversion, Jira, Confluence, TeamCity is an asset
- Experience in agile/SCRUM environment is an asset
- Interest in finance, financial risks, reporting and banking in general
- Fluency in English, written and oral
- Some knowledge of the banking business (accounting, IFRS9 in particular) is a plus
- Bonus points if you're familiar with SQL Server Reporting Services, PowerPivot, JavaScript, Angular

Personality / Personal traits

- Good communication (written and oral) and interpersonal skills
- Responsible, methodical and organised
- Self-learner, independent, assertive
- Good team player
- Problem-solving abilities and ability to meet reasonable deadlines

Our offer

We offer you a position in a team-based, international, leading financial organization. Within Wolters Kluwer Financial Services, you will find straightforward communication, a fast-paced work environment with challenging projects, interesting career opportunities and a competitive salary package.
